FEDERAL AGENTS GIVING FOOD PROFITEERS "H-I!"

Eighty-four thousand dozen eggs stored with the Atlantic Ice & Coal Corporation at Chattanooga, Tenn., for the account of Morris & Company, Chicago, were seized Wednesday by the United States District Attorney. Seizure was made under libel proceedings in the Federal Court, which charged that the eggs were unlawfully stored for the purpose of unreasonably increasing prices.

More than a million eggs, hundreds of thousands of tins of canned foods and 27,000 pounds of sugar were seized in a raid on wholesale food warehouses and cold storage plants by the Federal officers at Jacksonville, Florida, Wednesday.

Seizure of 150,000 pounds of pork owned by the Columbus, Ohio, Packing Company on orders of Judge Duncan, of the Common Pleas Court, was upheld by the Appellate Court in a decision handed down Tuesday. The pork is now in the hands of a receiver. It was alleged that it had been held in cold storage for more than the six months period allowed under the cold storage law.

The first Federal conviction for profiteering was reported Wednesday to the Department of Justice, at Washington. District Attorney Lucey telegraphed Attorney General Palmer from Binghamton, N. Y., that a retail grocer had been fined \$500 in the Federal Court for selling sugar at 15 cents a pound.

Hoarding, selling at unreasonable profits, creating monopolies and restricting the supply of food, fuel, or wearing apparel would be punished by a fine of \$10,000 or five years' imprisonment under a bill introduced Tuesday by Representative Gard, of Ohio.

Attorney General Palmer announced Wednesday that he would ask Congress for appropriation of \$1,200,000 to be used in the campaign to reduce the high cost of living. Of this amount \$1,000,000 would be for the investigation and detection of crimes and for the work of the State Food Administrators and \$200,000 for anti-trust prosecutions.

NATURE PUTS ON THEATRICAL STUNT WEDNESDAY NIGHT

It was like a scene in the movies Wednesday night, when old Dame Nature turned loose all the elements and for a time gave the thirsty old earth a genuine bath after a long dry spell. Following a long period of hot weather, punctuated at infrequent intervals with promises of showers, there was a genuine high old time Wednesday night, when a storm of lightning, wind and thunder, with a heavy downpour of rain, visited this section.

So far as has been reported from the city and county there was no damage done in any section of the county, and the downpour was not sufficient to make any appreciable effect on the streams of the county. The rain was a welcome one, in that it served to refresh the parched vegetation, and will be of great value to the growing crops, such as have not already been parbaked by the hot rays of the sun.

IT'S NOW GOVERNOR HARRISS.

In the presence of a large gathering of State officials and relatives and friends from Woodford county, Senator Charles M. Harriss, of Versailles, president pro tem of the Kentucky Senate, took the oath of office as Acting Governor of the Commonwealth of Kentucky, Monday morning. The oath was administered by Henry Ware, clerk in the office of State Auditor Greene. Acting Governor Harriss will be at the helm of State affairs during the absence of Governor Black, who has gone to French Lick Springs, accompanied by Mrs. Black.

Acting Governor Harriss said he owed the high honor which was being bestowed upon him to the people of Scott, Jessamine and Woodford counties, who elected him as their Senator and to his colleagues in the Senate who choose him as their president pro tem.

The inaugural ceremonies took place in the State reception room. The large table was filled with floral offerings sent by Woodford county friends and from Edward Wallace Brent, of Paris.

BUYS IMPORTED EWES.

At the big sale of sheep held at Lexington, Wednesday, Mr. W. H. Shropshire, of Bourbon county, bought two imported Balston ewes at \$125 and \$175 respectively. Among the consignors of grade ewes that brought top prices were Caywood & McClintock, of Paris. The top price at the sale was \$500, for a two-year-old Hampshire Down ram, purchased by C. W. Lassing, of Walton, Ky.

REAL ESTATE TRANSACTIONS

Mr. Ashby Leer, of Millersburg, sold his farm of three hundred acres to Garnett, Vandoren & Oxley, of Cynthiana, for \$81,500.

Mrs. Lella B. Dillon purchased this week a five-room cottage on Ferguson street, at a price not given out for publication. The sale was made through the real estate firm of Harris & Speakes.

Miss Mary Layton sold to Mr. J. M. Smelser, a cottage on Cypress street at the reported price of \$4,000. Miss Layton has purchased of Mr. I. L. Price the residence on South Main street which she has occupied for thirty years, and will make a number of improvements in the property.

The contract for building sales warehouse No. 2, of the New Independent Tobacco Warehouse Co., one of the two new sales houses to be erected by them, was let, at a meeting of the Board of Directors, Tuesday afternoon, to the Bourbon Lumber Co., for \$30,000. The building will be 128x171 feet in dimensions, the front to be of brick, with metal for the sides. Work is to begin at once, and under the terms of the contract, is to be completed by November 15. The house is to be built on the south side of the present warehouse, on South Main street.

WILL OF MRS. E. V. CRAIG ADMITTED TO PROBATE

The will of Mrs. E. V. Craig, who died at her home near Clintonville, in this county, recently, has been ordered to record in the Fayette County Clerk's office at Lexington.

By the terms of the instrument the sum of one hundred dollars is bequeathed to the Clintonville Christian church as an interest-bearing endowment, and a like sum to her niece and namesake, Ada Virginia Wheat. The sum of \$2,000 is devised to her daughter, Mrs. Hallie Craig Ardery, in consideration of her care and attention. The remainder of the estate is to be divided between her daughter and her son, Jesse Lee Craig. The will states that no provision is made for her husband for the reason that he has ample means of his own. Her daughter is made executrix. The will is dated July 11, 1917, and was witnessed by Robert C. Talbott and Wade H. Whitley, of Paris.

PROMINENT ADVOCATES OF WOMAN SUFFRAGE VISIT PARIS

Mrs. William D. Oldham and Mrs. Harrison Gardner Foster, both of Lexington, were in Paris, Wednesday, as a guest of friends, and incidentally sounding the people on the question of woman suffrage. Mrs. Oldham, who is a sister of the late Mr. Charles Bronston, for many years Commonwealth's Attorney of this district, is a member of the Citizens' Committee on State Suffrage Amendment. Mrs. Foster was for many years a resident of Washington, D. C., and was a delegate to the Democratic National Convention, in 1918, from the Third District of the State of Washington. Both ladies are fluent speakers and in a most convincing manner detailed their objections to the dangers of the power conferred on Congress to legislate in State elections, provided in the second section of the Susan B. Anthony Federal Amendment, which, in conjunction with the similar section of the Fifteenth Amendment, subjects the electoral rights of the majority of the population of every State to the control of Congress. They were supplied with a mass of literature, which was distributed throughout the city.

FREIGHT SERVICE RESUMED.

With the return of the striking railway shompen of the Louisville & Nashville to their work in this city and at other points along the line, the interrupted freight service of the road has been resumed, and all kinds of shipments are going forward, with the exception of those consigned to certain foreign roads, where the strikers are still out.

Officials of the road announced yesterday that the embargo on all freight shipments had been lifted, except in the Atlanta territory. This means that livestock and perishable goods will again be accepted for shipment from Paris.

When asked yesterday if any further local trouble could be expected, one of the officials stated that there would be none, in his judgment, as the striking workmen who have returned to their work have apparently favored and stand taken by President Wilson. All freight trains were arriving and departing on their regular schedule time yesterday. Long trains of coal went through the local yards yesterday, where before there had been but few shipments of that commodity.

ANDREW CARNEGIE PASSES OVER THE GERAT DIVIDE

Andrew Carnegie, steel magnate and philanthropist, died at his summer home at Lenox, Mass., Monday, after an illness of less than three days of bronchial pneumonia. His death was so sudden his daughter, Mrs. Roswell Miller, was unable to get to his bedside. His wife and private secretary were with him at the end.

Although Mr. Carnegie was taken ill Friday, it was not until early Monday his condition took a critical turn. Saturday it was said he was suffering from a severe cold, but it apparently was not different from other attacks he had endured and no fear was entertained that it would prove fatal. It was announced he was remaining in doors under the care of nurses. Outside the immediate household, no one had any intimation that death was near.

Funeral services were held at Shadow Brook on yesterday morning at 11 o'clock. The services were attended only by members of the household. The body was taken by special train to Sleepy Hollow, Tarrytown, N. Y., where Mr. Carnegie, years ago, bought a lot, and where he always desired to be buried.

Paris has especial cause to revere the memory of Mr. Carnegie, as through his generosity the Paris Public Library was made possible, the Paris Baptist church received a donation of \$1,250 for their new pipe organ, and a Paris boy, Mr. Alex T. Rice, Jr., received a handsome bronze medal donated by the Carnegie Hero Commission.

As a mark of respect to the memory of the dead philanthropist the Paris Public Library closed during the hours of the funeral yesterday morning.

In the passing of Andrew Carnegie, that prince of philanthropists, hundreds of towns and cities acknowledge a debt of gratitude to him for assistance in the erection of public libraries, that being one of the channels through which Mr. Carnegie elected to disseminate a portion of his vast wealth for the benefit and culture of mankind.

Of the total amount of his public benefactions, \$340,625,000, the state of Kentucky is indebted to him for \$922,500 for libraries alone, and of this sum, Paris was given \$12,000 towards the establishment of a library, provided the city of Paris would give a similar amount—all of Mr. Carnegie's gifts in this direction being provisional; and to-day our beautiful little library stands as one of the thousands of monuments to the memory of this man whose liberality and generosity in the distribution of his wealth are unparalleled in the history of public benefactions.

The Kentucky cities and towns that have benefitted by Mr. Carnegie's gifts for libraries are as follows:

Corbin	\$ 6,000
Covington	85,000
Henderson	25,000
Hickman	10,000
Hopkinsville	15,000

PRESIDENT REMAINS FIRM FOR DAYLIGHT SAVING.

President Wilson, it was said yesterday, will veto the law proposing repeal of the daylight savings act. The measure has been before the President since August 5 and he is expected to return it to Congress before the end of the week.

Efforts to pass the agricultural bill with its repeal rider of the President's veto failed last month and leaders in both House and Senate doubt that the two-thirds majority necessary to pass the repeal law over the Executive's head can be mustered.

CAMPAIGN MANAGER FOR THIRD RED CROSS CALL.

McKenzie R. Todd, of Frankfort, has been appointed the American Red Cross campaign manager for Kentucky for the third Red Cross call to be made November 3 to 11.

Mr. Todd says that the \$15,000,000 asked is to be used to complete Red Cross obligations in countries abroad undertaken in connection with the war. He is assembling his force of campaign assistants.

PROSPECTS FOR NEW ICE PLANT.

The promoters of the proposed new ice manufacturing plant for Paris are confident of ultimate success, and their optimism is of the very cherriest sort. The encouragement they have received in the past two weeks from those having spare capital they are willing to invest, and who have not hesitated to express their confidence in the outcome, is sufficient sunshine for them. They say they simply cannot be downed, and that the game is one that is well worth playing.

In the past few days large amounts of stock have been subscribed from the county precincts, where up until recently little had been expected. Talk of erecting small plants in Millersburg and North Middletown was rife for a time, but now it seems that most of the investors in those precincts have been making inquiries and to some extent taking stock in the Paris project.

The question as to whether or not Paris will have an up-to-date ice plant and cold storage warehouse has almost reached a definite stage. It was announced yesterday by the promoters that an engineer from Cincinnati had been engaged to come here and make a survey of the situation, select a site and make an estimate of the approximate cost of the plant. During the past few days, they stated yesterday, over \$20,000 has been subscribed to the proposed enterprise, principally in sums of \$100, \$200 and \$300.

Apropos of the move the Flemingsburg Times-Democrat left called upon to remark in its last issue: "Paris people are organizing a new company to build a new ice plant for that city. And perhaps next summer will be so cool that we will not need ice."

BABIES WELFARE WORK TO BE CONTINUED.

The work of weighing and measuring the babies of Bourbon county under six years old, which was begun last week under the direction of Mrs. Harriet Minaker, Visiting Nurse of the Bourbon County Health and Welfare League, will be continued until all the "kiddies" have been recorded. This work is being carried on in accordance with instructions from the headquarters of the National Babies Welfare Work, in New York. Last week one hundred and sixty babies were weighed and measured and a record kept on a specially-designed index card for future reference. The "kiddies" took very graciously to the performance, and none voiced a protest.

INTERESTING OIL NOTES

Mr. N. B. Moss, president of the Lane Oil Co., of Paris, was in Louisville on business the early part of this week. From Louisville, Mr. Moss went to Allen county, on an inspection trip to the oil fields.

The Little Banjo Oil & Gas Co. has started drilling its No. 1 well on the Fannin lease, near Crockett, in Morgan county. The well is now down four hundred feet, with good prospects. The company has connected its No. 1, on the Peters lease, in Elliott county, and pumping will be started in a few days. Early tests show this well to be an excellent one.

The indications for oil in Harrison county are pronounced by Messrs. Templeman and Boothe, who represent the Associated Oil Operators & Contractors, as highly encouraging. As a matter of fact they say they have not visited a section where prospects were more promising. They have already taken leases on between five and six thousand acres, and are continuing the work this week.

The Scott Oil Company struck oil on the farm of Dr. Thompson at King's Mountain, Lincoln county, at a depth of 315 feet. The company is made up entirely of Scott county citizens and they are much elated over their prospects. The directors of the company are: S. L. Allen, president; J. D. Grover, Victor Bradley, Judge James Bradley, Ruben Offutt, Porter Nunnally and Lewis Sublett.

JOIN THE BOOSTERS CLUB.

At a special meeting of the Bourbon County Boosters Club, held yesterday, Mr. Rudolph Davis was elected secretary and treasurer of that honorable body. It is the intention of the Club to reserve one section of the grandstand at League Park, in Cincinnati, for all the Bourbon county fans who may desire to attend the world series games to be played there early in October.

All "fans" who expect to attend these games should leave their names with Secretary Davis and get in on the big party, as all roads will lead to Cincinnati in October. Anderson Cahal has announced his intention of going with the crowd, and says he will then root for the Cincinnati Reds.

IMMENSE STOCKS OF FOOD IN NEW YORK COLD STORAGE.

Government figures show that there is now in storage, held for higher prices in New York or shipment abroad, 10,000,000,000 pounds (5,000,000 tons) of food.

These figures, astounding in themselves, are little less than amazing when it is recalled that during June exports amounted to \$11,800,000, and July undoubtedly crossed the \$1,000,000,000 mark for the first time in the country's history. It is reasonable to assume that an equal figure will be set for August.

How much of this inordinate quantity of food—all ready for consumption—is locked up in the 193 private and the 19 licensed cold storage warehouses in and about New York will never be determined unless the owners are placed on the witness stand and forced to divulge the facts. Quite naturally they are not telling their own business or that of their customers at a time when the government is making extraordinary efforts to determine why the cost of living continues to mount.

In addition to these cold storage warehouses in this vicinity hundreds of loft buildings, barns, breweries and other structures are being used for so-called "dry storage." Here goods which do not need refrigeration can be safely hidden away for indefinite periods.

MAYSVILLE MAN CHOSEN KENTUCKY WESLEYAN HEAD

The Reverend W. B. Campbell, pastor of the First Methodist church in Maysville, was elected president of Kentucky Wesleyan College at Winchester, at a meeting of the Board of Education of the Kentucky Conference, M. E. Church, South, held Tuesday afternoon at the Phoenix Hotel, in Lexington. The choice of the new president was unanimous.

The Reverend Mr. Campbell succeeds the Rev. J. L. Clark, who resigned as president of the Winchester institution several months ago. The new president is a graduate of Kentucky Wesleyan College and Vanderbilt University. He is 35 years old. President Campbell will take charge of the college immediately, planning for the opening of the fall term the first week in September.

Unwarranted Shoe Prices.
The shoemakers are not disposed to hold out any hope of relief from the present high prices of shoes. Indeed, they openly state that the prices are going on up. It would seem to the person who has to buy two or three pairs of shoes a year that the price had now about reached the limit, but the National Boot and Shoe Manufacturers' Association, which recently held a meeting in New York, found out that there are still unexplored heights, "wholly beyond war-time or any other experience," to which prices will ascend this winter. Furthermore, "shoes sold in the spring of 1920 must bring still higher prices."
The shoe wearer, of course, blames the shoemaker. He might blame the retail dealer, but the dealer is likely to be known to him, and believed when he explains that he charges more for shoes because he has to pay more for them. The maker, however, is a remote person who can be blamed with some degree of impunity. The manufacturers, however, are not idly

Domingo's Filipino Serenaders, The Paris Grand, Monday and Tuesday.

taking the blame. They denounce the present price of shoes as "unwarranted." The prices of leather and labor are, in their official statement on the subject, "excessive, far beyond any past experience." The export trade and the country's prosperity are likewise blamed.
What the makers are afraid of—and they have good reason to be—is a panicky condition of the market. They advise people not to buy any more shoes than they have to. They advise dealers to cut down their stocks to the minimum. The price is high enough as it is, but there is no telling where it will go if people lose faith in the trade and begin to buy against an imaginary shoe famine. There is plenty of raw material, but it costs more; and there is plenty of labor, but, as the recent successful strikes among shoe workers indicate, it also costs more.

Overworked? Well Rather!

Isn't it strange how a word seems to become a fashion, and is worked to a finish? Now "daddy" is the one that seems to be working over time. You've all noticed it. It falls from the mouth of babies. Certainly from time immemorial baby lips have lisp-ed, "da da," and awfully sweet it sounds, too, but in some instances it is almost ludicrous. When the user of the infantile epithet is graying at the temples perhaps, or even the "silver threads" are pretty evenly dispersed upon the poll, "father" seems so much more appropriate, doesn't it? But when one hears "daddy" from lips of a "back number" who used to say "pa" and "ma," it is queer certainly, like sweet bells jangled out of time, almost. "Dad" sounds good to me. From the mouth of a youngster fresh from college, "dad" is delightful showing a degree of comrade, or companionship equal to that of "the old man," but more respectful.

We've all noticed how "wonderful" is overworked. Now this is a "wonderful" word surely to express all kinds of excellence in all sorts and conditions of people and things, but hasn't it been worn almost threadbare? "Good-looking" is another word that is running neck and neck with "wonderful." Just now it is the very top of the mode. One hears of wall paper, "good-looking gowns," the "saleslady" who is displaying the costumes uses this word ad infinitum.

In a shop the other day a young woman was heard going into raptures over a line of stationery which she pronounced "so good looking." Pretty girls, and handsome men are now commonly called "good-looking." Wonder if the girls like the term as well? Hardly think so—seems as though they might be deteriorating in regard to personal attractions.

GOVERNMENT TO SELL \$2,000,000 IN WAR STAMPS

To The People of Kentucky:
The Government has authorized the sale of two billions dollars worth of War Savings Stamps.
Let me take this means of asking that you practice thrift and savings systematically to the end that you purchase these small Government securities each week. Make one day your weekly Thrift Day—if any other day suits you better, make Saturday the weekly Thrift Day.
Very truly yours,
JAMES B. BROWN,
State Director of Kentucky.

A TRAVELING MAN'S EXPERIENCE

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

PLANS PERFECTED FOR VOCATIONAL TRAINING.

Plans perfected by the Vocational Education Board provide for an expenditure of \$141,568.52 for vocational training in Kentucky during the next school term. Of the amount to be expended fifty per cent comes from the Federal government under the Smith-Hughes vocational act. In order to participate in the benefits of the fund the State has to put up a dollar for every dollar that the government spends in this State for vocational training.

In appropriating the fund the Vocational Board set aside \$35,156.96 for agricultural training, \$16,866.71 for teachers training at the University of Kentucky, \$5,622.24 for teachers' training at the Kentucky Normal and Industrial Institute and \$13,133.40 for home economics training.

Agricultural training will be taught in high schools at Livermore, Fordsville, Lowes, Campbellsville, Lewisburg, Dawson Springs, Benton, Whitesville, Mayslick, Mayfield, Marion, Greenville, Franklin, Cadiz, Utica, Cunningham, Auburn, La Center, Burlington and Davies county, Montgomery county and Franklin county.

Home economic training will be taught in high schools at Morganfield, Owensboro, Louisville, Somerset, Paducah, Dawson Springs, Greenville, Paris, Hindman settlement school and in Montgomery county; and in negro schools at Frankfort, Owensboro, Paris, Georgetown and Mt. Sterling.

Trades and industries training will be given at high schools in Louisville and Somerset. The teachers' training course will be at the University of Kentucky and the Kentucky Normal and Industrial Institutes.

R. C. OLDHAM DOES NOT ADMIT DEFEAT IN RACE.

In a letter addressed to the Democrats of Kentucky Ronald C. Oldham, of Winchester, one of the candidates for the Democratic nomination for Lieutenant Governor in the recent State primary, does not concede victory to W. H. Shanks, of Stanford, whose name will go on the ballots as Democratic nominee for Lieutenant Governor, but says in part:

"On the whole case, after a retrospective consideration of the returns before me, win or lose, I see nothing to my discredit and am pleased and satisfied. I expect to return home shortly to attend the Democratic State Convention and from then on to devote my time and every energy I possess to the entire Democratic ticket in the November election whether or not I am on that ticket."

MULE'S KICK IN NEW DRINK

A resident of Carmin, Ill., has a new drink of such potency that the police, while not sure that there was alcohol in it, knew it had a tremendous kick, anyway, so they arrested the inventor. So far as has been learned the man put a pot on to boil, making up four or five gallons at a time, enough for a day, if too much "company" did not call. The principal ingredients were corn meal, raisins, sugar and a certain kind of acid purchased at the drug stores. This, boiled together, produced a concoction that would make Bacchus crazy. Those who know say one drink would make one talk Chinese fluently; after a second one, could shave a grass hopper with a buzz saw, and with a third one could crack hickory nuts on the forehead.

Dangerous Practice.

Little Willie would hate to see his mother have to take to washing, but there is no telling what her faculty for religiously taking in his ears every time she washes his face may lead to.

Formerly the most-sought-for thing in the world was perpetual motion. Now it is perpetual peace.

NAMED TO CARRY CAMPAIGN TO ALL STATE DISTRICTS

In each of the Congressional districts of this State representatives have been appointed to organize the educators of the districts to urge their Congressmen and Senators to push the Smith-Towner bill through Congress. This bill appropriates \$100,000,000 for educational purposes and Kentucky will share largely in the appropriation. It is regarded a great stimulus to education.

The representatives appointed are: First District, Ralph Yake, of Paducah; Second District, J. H. Risby, of Owensboro; Third District, A. C. Burton, of Bowling Green; Fourth District, L. H. Powell, of Brandenburg; Fifth District, Elizabeth Breckinridge, of Louisville; Sixth District, J. C. Miller, of Erlanger; Seventh District, L. D. Stucker, of Frankfort; Eighth District, T. J. Leathers, of Lawrenceburg; Ninth District, W. J. Broadner, of Ashland; Tenth District, Fonso Wright, of Pikeville, and Eleventh District, Senator Hiram Brock, of Harlan.

TO ALL WOMEN WHO ARE ILL

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."—Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Cleaning Photographs.

Dirty photographs are so unsightly that you will be glad to know there is a way to clean them. Moisten a soft cloth with warm water to which a little ammonia has been added; wring the cloth out well and wipe the photographs very lightly, drying them immediately with a soft, dry cloth.

If the war tax schedule gives you a headache, it will be noted there is no tax on bromo seltzer.

CANTRELL BACKS STATE MEMORIAL TO HEROIC DEAD.

"The idea of erecting memorial buildings instead of monuments of marble or bronze to the men who lost their lives in the war is such a logical one that it is being adopted not only by many States, but by the Nation," said Congressman J. Campbell Cantrell, in discussing the proposed State Memorial Building at the University of Kentucky.

"There is now in progress at the National Capital a movement to erect a mammoth convention hall, in which will be placed on bronze tablets the names of all Americans who lost their lives in the service. It will be used by multitudes who will be continually reminded of the sacrifices made by the men in whose honor it will be built, and of the principles of democracy for which they died. With each day's use by a people seeking to perpetuate the fruits of victory, it will become a more suitable tribute to the dead and a greater example to the living. It will be a monument more lasting than brass, and a worthy memorial.

"Kentucky should take the same steps to honor her 2,800 sons who died in the service, and I shall do everything in my power to promote the campaign to obtain \$300,000 for a State Memorial Building on the campus of the University of Kentucky. It is peculiarly fitting that the building should be at the State University rather than at the State Capitol, since it will be continually before the eyes and in the use of the young men and women who will reap the benefits of the peace won by the dead heroes, many of whom came from their number. I understand that the proposed building will be used to house student activities, and will have a large auditorium for student assemblies. Such a use will further dignify the memorial, which is to have in the rotunda, tablets bearing the names of men from each county who gave their lives, and will keep forever green the memory of those we wish to honor."

Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life-long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

Let us send you a Swift "Dollar." It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

Swift & Company, U. S. A.

WHAT THE PRIMARY INDICATES

The gubernatorial primary held in this State on the second day of this month was a rather listless sort of affair, but the Democrats have reason to feel optimistic because of several facts that it demonstrated.

The primary showed that the Democrats of Kentucky are once more united. No definite issue has divided the party into factions, and a candidate has been nominated who hails from the very stronghold of Edwin P. Morrow, and one who carried not only his own district, but every district in the State, losing them by very small pluralities.

And the primary showed, also, notwithstanding the light vote cast, that Kentucky Democrats believed in the present administration well enough to uphold Governor Black, and it presages that when he makes the race for re-election in November there will be few Democrats who will support the Republican nominee because of his promise to inaugurate a "house-cleaning" at Frankfort. Kentucky Democrats are apparently satisfied with the policy of Governor James D. Black.

Not only Democrats, but independent voters will support Governor Black in the November election. For they realize that they cannot expect Kentucky politics to be reformed by the election of Mr. Morrow. The only way to reform Kentucky politics is to reform the Democratic party. Whether a Democratic administration is good or bad, no great improvement can be expected from a Republican Governor and a Democratic Legislature. The executive duties of a State Governor now do not require ability as much as the ability to direct legislation does. And it is here that a Republican Governor's hands would be tied. Moreover, Kentuckians remember the Bradley, Taylor and Wilson administrations, and it is improbable that a Republican will be elected Governor so long as Kentuckians do not forget.

Bourbon county Democrats will come to the forefront of the battle and give the nominee a handsome majority. The apathy that manifested itself here in the primary will have been dissipated by the time the November election rolls around, or even before, and with the workers putting forth their best efforts the ticket will receive a good old-fashioned majority.

NO EASY JOB TO DEFEAT GOV. BLACK.

The Lexington Daily Leader, the official Republican organ of Central Kentucky, has lucid intervals. For instance, The Leader says if the Republicans think they will have an easy job to defeat Gov. Black in the November election, they have another thing coming, or words to that effect.

The Leader knows how strong Gov. Black is in the mountain section, where Morrow expects his greatest strength, and appreciates the fact that his vote in the August primary shows that he is just as strong in the Democratic strongholds. The nomination of Governor Black has cast a damper over all thoughtful Republicans, who realize that the chances to elect Morrow are vanishing into thin air.

PARIS BOY MAKES GOOD

It will be gratifying news to the many friends in this city of Mr. Eli Friedman, to know that he has "made good" in his new position, that of chemist with the Federal Rubber Co., at Milwaukee, Wis. Letter from Mr. Friedman stated that officials of the company have expressed themselves as being highly pleased with his work.

Mr. Friedman is a graduate of the department of chemistry at the University of Kentucky, and was one of seven who graduated with highest honors in a class of one hundred. He is a graduate of the Paris High School, class of 14, and the University of Cincinnati.

NOTICE TO OPERATORS OF THE BABCOCK TEST.

Under the authority vested in the director of the Kentucky Agricultural Experiment Station by the Kentucky Creamery and Tester's License Law, Chapter 57, of the Acts of the General Assembly of 1918, all operators of the Babcock test for butter fat are hereby required to hold a portion, consisting of at least one ounce, taken from each and every sample of cream before it is tested, for a period of 24 hours after the tests are made, the samples so taken on Saturdays to be held until the following Monday. These samples of cream are to be kept in sample jars with the lid securely fastened, and are to be delivered to the inspector when he calls for them, together with the tester's record of same.

LITTLEJOHN CARNIVAL COMPANY PLEASES PARIS PEOPLE.

For several years the Littlejohn Carnival Company has been visiting Paris with one of the cleanest and most wholesome carnival attractions on the road. There has never been a time when there was the least semblance of disorder, or any crookedness apparent with this company, and it goes without saying that nothing of the kind would for a moment be tolerated by Mr. Littlejohn, whose name has become a synonym here for honesty and square dealing with the amusement public.

The Littlejohn Company will conclude a week's engagement here tomorrow night, a very successful engagement, from all points of view. The attractions have been of the very best, and the grounds have been visited nightly by hundreds of people, who found much to amuse them, and nothing at all objectionable in what they saw and heard.

The farmers and gardeners of Bourbon county owe Mr. Thos. P. Littlejohn a vote of thanks, in one respect, and that is that the coming of the Littlejohn Carnival Company to this city, has invariably brought rain with it. We have even heard Mr. Littlejohn referred to as "The Rain-maker," a title which seems to fit the occasion. So far as we have heard he has interposed no objection to being considered a public benefactor in this respect.

WHAT'S COMING NEXT?

A Birmingham man gives the following expert views on the tax situation:

"I have your letter requesting a donation for what you consider a very worthy cause. I flatter myself that I have a spirit of loyalty and generosity. I have contributed to every object that has been presented to me, but I certainly have to decline to help this cause along for the following reasons:

"I have been held up, held down, sandbagged, walked on, sat on, spat on, rolled over, flattened out and squeezed, first by the United States government for the Federal War Tax, the Excess Profits Tax, the Liberty Loan Bonds and the bonds of matrimony; in the State of Missouri for the State tax, the highway tax, the income tax, surtax, the auto tax, school tax, cat tax, dog tax and syn-tax. I have been held down to brass tacks by every society and organization that the mind of man can invent to attract what you have or may not have from the Society of John the Baptist, the G. A. R., the woman's relief corps, the men's relief, the wifeless, the husbandless, the childless, the conscienceless, the navy league, the Belgian baby league, the Red Cross, the green cross, the double cross, and every other cross of all colors and by the children's home, the Dorcas Society, the various hospitals, including the lying-in hospital, the lying-out hospital, as well as some lying institutions.

"My business has decreased in volume, owing to the fact that goods I am selling have been restricted in output by the government, and because I will not sell all that I have and go to beg, borrow and steal, I have been cussed and discussed, boycotted, talked about, lied to and lied about—helped up, hung up, robbed and nearly ruined—and the only reason I am clinging to life is my curiosity to see what in the h—l is coming next."

W. C. T. U. SAYS "NO ANTI-TOBACCO CAMPAIGN."

That the W. C. T. U. is not engaged in a campaign nor at the present time contemplates a campaign for a constitutional amendment for the prohibition of the manufacture and use of tobacco, was stated in a letter from Miss Anna A. Gordon, of Evanson, Ill., president of the National W. C. T. U., received Tuesday by Mrs. Frances E. Beauchamp, president of the Kentucky W. C. T. U.

A widely circulated article recently incorrectly quoted Miss Gordon as stating that the Union "had begun" the campaign against tobacco, the mistake being caused by the omission of the word "not," her correct statement being that given above, Mrs. Beauchamp said.

Mrs. Beauchamp said that while the Union would like to see parents all over the nation work to prevent injury to young boys by smoking cigarettes, no movement was on foot looking toward a constitutional amendment against tobacco at present, and as far as she knew had never been officially discussed within the Union.

LOUISVILLE HOTEL TO RAISE RATES.

The Seelbachs announce that hotel rates will be raised 12 per cent. in Louisville because of prohibition. They say they are losing money since the bars went out of fashion and are compelled to this course to break even. With the rates higher than a cat's back before, people who have not a gold mine will have to carry their eatings when they go to that city and sit up all night if required to stay. The Lexington hotels have not and, it is said, will not raise rates, satisfied to take all a man has any way.

It takes more time now to pay the luxury tax than it does to select a suit of clothes.

IN THE SERVICE OF THEIR COUNTRY.

Mr. Roy Harney, of this city, has been accepted at the United States Naval Recruiting Station at Lexington for enlistment in the navy. He was sent to the Louisville recruiting station Wednesday morning, and from there will be sent to one of the naval training stations.

Matthew Hume Payne, youngest son of Postmaster and Mrs. J. Walter Payne, of Paris, has been accepted at the Lexington naval recruiting station as a hospital apprentice. Young Payne passed a successful examination, and was sent to the central station at Louisville, Wednesday, for a final examination.

Mr. I. D. Thompson, Jr., who has been in the naval branch of the service, and stationed as instructor at the rifle range near Annapolis, Maryland, has been mustered out of the service, and returned to his home in this city. Mr. Thompson has recently been on one of Uncle Sam's big cruisers. He received his final discharge papers last Monday.

A message to Mr. Benj. Woodford, Sr., of near Paris, from his son, Mr. John T. Woodford, stated that he had arrived at Quantico, Virginia, from overseas, and that he expected to get his discharge papers from the service at an early date and return home. Mr. Woodford was attending the University of Michigan at Ann Arbor, Mich., when the call to the colors came. He at once left his studies and enlisted with the United States Marines. He had been in France and Germany for some time.

Lieut. John M. Casey, accompanied by Mrs. Casey, is a guest of his grandmother, Mrs. Bettie McIlvaine, on High street. Lieut. Casey received his commission in the service in July, 1917, and was assigned to special service. Before the signing of the armistice he was an inspector of remounts for the American Expeditionary Forces, and shortly after the conclusion of the fighting was transferred as aide-de-camp to Gen. Bockenback, stationed at Base Section No. 1, St. Mazare, France. He has recently returned to America, and has been stationed at Washington, D. C.

THE NEWS has received a copy of the special edition of the San Francisco, Cal., Bulletin, sent by Ben K. Leach, of Paris, who is a "gob" on board the U. S. S. Montana. The Montana is with the big United States fleet now cruising in the Pacific. On the occasion of the visit of the fleet to San Francisco, The Bulletin issued a special "Welcome Gobs!" edition, turning over the entire city to the sailors of the fleet, who were not slow, according to reports, in taking advantage of the invitation. The edition is printed in colors, with half-tone illustrations and cartoons, all showing a desire to make the sailor lads feel sure of a hearty welcome to the city by the Golden Gate.

Mr. and Mrs. Thos. Bowles, of Millersburg, received a message stating that their son, Hospital Mate Wallace Bowles, had arrived in New York, and would soon return home. Bowles was with the Second Division in France. After taking part in the big parade in New York he was sent to Quantico, Va., where he will be discharged from the service. Young Bowles joined the Naval Hospital Corps in the early days of the war, and after a period of training, was sent to the Marine Recruit Depot at Paris Island, S. C. He went overseas in July, 1918, and participated in all the battles with the famous "Devil Dog Division." His brother, Hugh Bowles, is also expected to return home soon. He entered the service in December, 1917, and has been stationed at the submarine base at New London, Conn.

WIFE OF CARNIVAL MANAGER LOSES SUM OF \$3,000.

At Winchester, Monday night, Mrs. Sam Kaplan, wife of the manager of the Kaplan Carnival Co., which is playing a week's engagement there, reported to the police the loss of her purse, containing the sum of \$3,000 in cash, which she had left in the private car in a handbag. No trace of the thief has yet been found. The theft was discovered when Kaplan and his wife returned to the car from the Brown-Proctoria Hotel, where they had been to supper. News of the theft was wired to all surrounding towns, and the Paris police were warned to be on the lookout for anyone having a surplus of cash in their possession.

WE STAND CORRECTED

The following letter from Mr. Dorsey Ray, formerly of Paris, now a resident of Los Angeles, Cal., corrects THE NEWS in regard to a statement made in a recent issue. We were under the impression that both Mr. and Mrs. Thos. Pollock, former Paris people, were dead, but Mr. Ray's letter makes us glad that they are still in the land of the living:

"Los Angeles, Cal., Aug. 7.

"Dear NEWS:—In a recent article in THE NEWS I notice you speak of the late Mr. and Mrs. Thomas Pollock, parents of Mrs. William Miller Graham, of Santa Barbara, Calif. Now, if any people are alive in this world it is Mr. and Mrs. Pollock. They live at Hollywood, California, and one of my chief delights is a visit to their home, which happens about once a month. Next month they will celebrate the fiftieth anniversary of their wedding. Mrs. Pollock says none but Kentuckians are to be invited.

"Truly Yours,
"DORSEY RAY."

NERVY WOMAN PREVENTS SERIOUS CONFLAGRATION

A fire, which, if it had gained headway, would have resulted in great property loss, was discovered and extinguished Tuesday afternoon by Mrs. N. B. Collins.

In passing by the Hutchcraft warehouse, at the corner of Seventh street and Houston avenue, Mrs. Collins noticed a brisk blaze on the side of the building, which had probably been caused by a lighted cigar or cigarette carelessly thrown there. Summoning some of the women in the vicinity, Mrs. Collins, with their assistance, extinguished the flames. She was warmly congratulated by the firemen when they arrived, they declaring that a serious fire had been averted by her quick action.

COME ON, BOYS, GET BUSY!

The primary is now over and the standard-bearers for the Democratic party in the November election have been named, so it is now time for the Democrats to get busy if they want to win the State election this fall. They believe they already have the race won, but they are doomed for defeat if the Democrats wake up—as Kentucky is a really Democratic State. We must quit fighting Democrats and start fighting the Republicans, and from a long experience we must know the Republicans are good fighters. So, come on, Democrats, let's get together and win the fight in November.

NOTICE!

TO THE VOTERS OF BOURBON COUNTY, KY.:

Pursuant to an order of the Bourbon County Fiscal Court, and to Section 1407a, Kentucky Statutes, notice is hereby given to the voters of Bourbon county, Ky., that John T. LOOKING FOR LOCATION

With a view to establishing a first-class bakery and confectionery in this city, Lexington people have been in Paris recently prospecting for a suitable location for the business. They visited a number of prominent real estate men and inspected a number of business places with a view to ascertaining their fitness for the purpose. It is said that if a suitable place can be obtained contracts will be closed in a few days and that the installation of the plant will soon follow.

ACCIDENT WAS UNAVOIDABLE

At Winchester the Coroner's jury in the case of Col. Wm. Vermillion, charged with causing the death of Mr. Ben Scott, Friday afternoon, held that the accident was unavoidable. Mr. Scott was crossing the street when he was run down by Col. Vermillion's auto, death resulting almost instantly, his neck being broken.

The members of the jury were O. D. Thompson, Wesley Brandenburg, Wm. Caskie and J. W. Swope. The dead man was a half-brother of Mrs. George C. Thompson, Sr., of Paris.

MEETING OF DIRECTORS OF ODD FELLOWS HOME.

Mayor E. B. January, of Paris, was in Lexington, Wednesday, attending the regular meeting of the Board of Directors of the Odd Fellows' Home. The sessions were held at the Home, the purpose being to inspect conditions there and to make plans for the coming year. Their suggestions will be embodied in recommendations to be placed before the Grand Lodge I. O. F., at the next meeting.

Those attending the meeting were: President, James Denton, of Somerset; the grand secretary, R. G. Elliott, of Lexington; chairman of the board of control, J. R. Smith, of Lexington; J. R. Haley, Lexington; E. B. January, Paris; Judge J. M. Benton, Winchester; Julian Yeager, Lagrange; James Householder, Paducah, and J. W. Potter, Bowling Green.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Messrs. Lee Stephenson and Kelly Haley are members of a camping party at Verdin, Ky.

—Mrs. Roy Harris and Miss Jessie Beasley, of near Paris, are visiting Mrs. Boone Phillips, at Maysville.

—Mrs. William E. Stipp and sons, William and J. B. Stipp, are visiting Mrs. Stipp's parents, Mr. and Mrs. Boone, at Frankfort.

—Misses Virginia and Viola Downing have returned to their home in Cincinnati after a visit to Mrs. Richard Butler, near Paris.

—Mrs. M. C. Browning has returned from a month's visit to her sister, Mrs. J. A. Fitzgerald, at her summer home, on the Jersey coast.

—Mrs. Wm. Kenney has returned to her home in this city from an extended visit to friends and relatives in Versailles and Woodford county.

—Mrs. Newt. Myers, of Carlisle, was a guest several days this week of her mother, Mr. J. C. Fightmaster, and Mr. Fightmaster, on Walker avenue.

—Advices from Mrs. Annie Elgin, who is at the bedside of her son, Mr. Jos. Elgin, at Aberdeen, Md., state that he is at the point of death from tuberculosis.

—Latonia Cor. Cincinnati Times-Star: "Mrs. W. B. Newman, of Jefferson Place, is visiting friends in Paris. . . Mrs. B. B. Floyd, of Huntington avenue, has as her guest Mrs. Kash, of Paris."

—Mrs. Snell Moore, of Lexington, and his sister, Miss Kittie Ewalt, of Shawhan, accompanied by their aunt, Mrs. A. T. Crawford, of Louisville, left last night for Colorado Springs, Colo., for an extended stay.

—Dr. and Mrs. Lee Redmon, of Lexington, and John Nichols, who has lately returned from France, where he was a member of the A. E. F., were recent guests of Mr. and Mrs. R. S. Darnaby, near this city.

—The Crab Orchard Springs correspondence of the Stanford Interior-Journal says: "Misses Nadine, Mary and Alice McClure, accompanied by Mr. Hanley and Miss Jeanette Napier, have returned from a visit to friends in Paris."

—Among the recent arrivals reported at Crab Orchard Springs are the following from Paris: Walter L. Martin, Perry J. Cook, Mrs. C. L. Steenberg and daughter, Miss Frances Ann, Mrs. Sam Willis, Mr. and Mrs. John Lair, William Moore Lair, Mr. and Mrs. Logan Howard and daughter, Miss Susan.

—Flemingsburg Times-Democrat: "Mrs. Lottie Nute Turner went to Paris, Monday morning, after spending some time with relatives and friends here. . . Capt. Robert A. Harbeson came down from Bourbon county Monday for a visit. . . W. M. Carpenter has returned from a visit to friends and relatives in Bourbon county."

—Mrs. Charles Fisher, of near Paris, celebrated her fifty-fifth birthday anniversary with a dinner party at which her two brothers, J. A. Ammerman and Mrs. Ammerman, and their children, Ernest and Harold Ammerman, of Lexington, and Mr. and Mrs. George Ammerman and daughter, Miss Georgia Ammerman, of Fort Worth, Texas, were present.

—The Cincinnati Democrat says: "Friends here will regret to know that Mr. and Mrs. H. C. Wilson, who have been living on Wilson avenue since selling their farm, contemplate removing from the city at an early date. They have purchased property in Paris, where they expect to reside in the future. They are excellent citizens that Cynthiana can ill afford to lose."

—The following Bourbon county people are at Martinsville, Indiana, for an extended stay: Mr. Charles P. Mann, Mr. and Mrs. John W. Jones and daughter, Miss Emily Catherine Meng, Mrs. Edward Allen, Mrs. John J. Redmon, Mrs. H. S. Redmon and Miss Mildred Collins. Mrs. John T. Collins and Mrs. Thos. IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-suffering people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haariem Oil Capsules immediately.

The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haariem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haariem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

THOROUGHBRED ASSOCIATION WANTS TWO BIG CANADIAN TRACKS.

The Thoroughbred Horsemen's Association, which virtually dictated the control of the three tracks in Kentucky, is spreading its influence to other big racing centers of the country.

The association has obtained control of the majority of two of Canada's big mile tracks, Devonshire Park, opposite Detroit, and Dorval, the big racing plant at Montreal. The deal for the Devonshire track is said to have been completed and the first payment of \$35,000 made. It was the last mile track built in Canada. According to reports there will be a revolution in the conduct of race courses, if the sales are made.

It is said that while the controlling interest in the tracks will be held by the horsemen's association, the stock will be distributed as has been done by the organization in Kentucky. Marylanders will be offered stock in the Havre de Grace track and stock in the Devonshire and Dorval will be at the disposal of the Canadians.

APPOINTMENT OF CENSUS SUPERVISORS.

The Secretary of Commerce, upon the recommendation of the Director of the Census, has appointed Joseph W. Morris, of Newcastle, Henry county, as supervisor of census for the Seventh District of Kentucky, comprising the counties of Bourbon, Clark, Estill, Fayette, Franklin, Henry, Lee, Oldham, Owen, Powell, Scott and Woodford. The appointments for the remaining districts, except the First, have already been announced, and that for the First will be made public at an early date.

A GREAT REMEDY.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends." (adv-aug)

THINGS TO WORRY ABOUT.

Investigators of the Evening World stunned New York City last week with absolute proof that poison drugs and patent medicines containing 25 per cent or more alcohol were sold from East Side push carts in the heart of New York—to be exact, in Times Square. One investigator bought a patent medicine containing 50 per cent alcohol in front of a former cafe closed because it could not make ends meet selling 2.75 per cent beer. One push cart, ostensibly selling oranges, sold \$320 worth of drugs in an hour.

AN OLD FAULT FINDER.

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. (adv-aug)

HOLSTEIN BREEDERS MEET

The annual meeting of the Kentucky Holstein Breeders' Association, was held at Coldstream Farm, near Lexington, August 5. A large crowd attended this out-of-door affair where the \$100,000 herd bull was the center of attraction. The speakers were D. D. Atkin, Flint, Mich., president of the American Holstein Association, J. W. Newman, Versailles, Fred Field, Monticello, Mass., and J. J. Hooper, of the College of Agriculture.

THE BEST PHYSIC.

When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly prized by people who have become acquainted with their good qualities. They only cost a quarter.

UNITED STATES WILL SELL FOOD BY MAIL.

According to an official notice received here by Postmaster J. Walter Payne, householders may purchase foodstuffs through the mails, beginning August 18.

The Postoffice Department on recommendation of the Interstate Commerce Commission, has raised the parcel post limit from seventy to one hundred and twenty-five pounds in order that householders will be able to order food by parcel post direct from the army zone headquarters at Chicago. The War Department and Interstate Commerce Commission, are collaborating on a plan that will enable householders to reduce the cost of necessities of life. A schedule of rates will be given to the Postmaster, who will take orders for food. Payment and postage will be collected in advance. Small orders will be held until they can be combined in one case of goods.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless. (adv-f)

CHRISTIAN ENDEAVORS EN- DORSE THRIFT.

The attitude of church organizations toward the movement for thrift and savings is exemplified in a resolution adopted recently by the Christian Endeavor Union of California. The resolution authorized the Citizenship Department to co-operate with the California Savings officials to make the 1919 thrift movement a success. The resolution follows:

"Be it recommended by the California Christian Endeavor Union that it fully endorse and urge that, as essential to character formation, to the welfare of the American people, and to the promotion of a national habit, the practice of the national program of thrift instruction, the organization of savings societies and the sale of Thrift Stamps and Savings Stamps become a part of public procedure; and that the Citizenship Department of the California Christian Endeavor Union be named to co-operate with each State division of the War Savings Organization for California toward making the government plan of 1919 a success."

RAILROAD RATES REDUCED.

To the prospective visitor to the Kentucky State Fair of September 8 to 13, 1919, the glad tidings is made known that the State Fair management has secured from the Southern Passenger Traffic Committee a special railroad excursion rate, as follows:

One and one-half fare will be charged for the round trip where the fare amounts to 25 cents or more, and transportation will be made on this basis from all stations in Kentucky, and from Cincinnati, O., and Jellico, Tenn. Tickets will be sold from September 6 to 12 inclusive, and for trains which are scheduled to arrive in Louisville before noon of September 13, with a final limit of September 15.

The objection of buying coal now is that one probably will have it all burned before winter comes.

KENTUCKY CROP REPORT ISSUED AUGUST 7.

The very wet weather in the spring retarding planting of corn and other crops followed by weeks of extremely dry weather, has made a very unfavorable season for the farmer.

Early corn has suffered much damage, especially on the uplands, as have gardens and pastures also. Rains in many localities have brought relief and will aid all crops.

Wheat did not come up to expectations. The State average is given at 11 bushels per acre, running in various sections from 9 bushels to 14 bushels as sectional average. This is 3.9 bushels less than last month's estimate. In some localities it is reported as threshing exceptionally. This average is one bushel per acre less than last year.

On a preliminary estimate, rye is averaging a yield of 11 bushels per acre; while oats is averaging 20 bushels per acre, which is 2½ bushels per acre less than last year's estimate.

The outlook for the corn crop is for a short one, owing to the excessive hot, dry weather. Corn on the lowlands has not suffered to the extent that corn on the ridges has. The western and northwestern parts of State show the greatest damage from drought.

Great stress is laid upon the need of copious rains during this month, in order to bring crops up to anything like normal.

Corn acreage shows at 91 per cent, while condition is given at 74 per cent. This is 20 per cent lower in condition than has been given for several years, and would indicate an exceptionally short crop of corn.

Burley tobacco shows an acreage of 93 per cent, while condition is given at 81 per cent, which is a slight improvement over last month's condition.

Dark tobacco acreage is given at 91 per cent, and condition 75 per cent, indicating the hardship the drought has worked upon this crop.

A very uneven stand of tobacco is reported.

Condition of hay is 92 per cent, with an estimated yield of 1.5 tons per acre. Some hay was lost owing to the excessive prices demanded for farm labor and shortage of help during the time of harvest.

Condition of alfalfa is given at 84 per cent, and it is estimated the yield of the second cutting will average one ton per acre.

Soy beans acreage is 87 per cent, which is a slight increase over last year. Condition is given at 93 per cent.

Cow peas acreage shows at 80 per cent, which is 4 per cent less than last year, and the condition shows 80 per cent.

Only eleven counties report any buckwheat acreage, which as a whole is given at 91 per cent. Russell county shows the greatest increase as compared with the acreage of last year.

Broom corn acreage is 82 per cent, and condition is 80 per cent.

Hemp is reported from but four counties, showing an acreage of 60 per cent, and condition of 75 per cent.

Sorghum is almost a failure.

Condition of fruits is given at 56 per cent, while melons show at 69. Condition of potatoes shows at 72 per cent, and the estimated acreage of the second crop is but 74 per cent, which is but a slight increase on the second crop over last year.

Sweet potato acreage shows at 89 per cent, with condition at 85 per cent.

Garden conditions are given at 74 per cent.

Live stock is reported in fairly good condition, with the exception of scarcity of stock water in some sections.

Pastures show a condition of 80 per cent.

Taken as a whole, the report would indicate that without continued rain this month crop conditions are exceptionally low.

It is to be hoped that with seasonable weather for the next few weeks the outcome in crop conditions will be improved over the indications as August 1st.

MAT S. COHEN,
Commissioner of Agriculture.

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depend on womanly health.

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation; without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

ARE NOT NEGOTIABLE

Recent statements appearing in the public prints tending to indicate that War Savings Stamps may be used as collateral to secure loans, or for other purposes, are erroneous, according to a statement by L. A. Wilson, Federal Director for the War Savings Organization for the Eighth Federal Reserve District.

It is directly antagonistic to the Federal law, says Wilson. The law explicitly states that War Savings Stamps are not negotiable and may not be transferred by the holder. He may, if necessity demands that he obtain the money he has invested in them, give ten days notice and have them redeemed at any postoffice. But to negotiate them through any channel not prescribed by the Government is prohibited.

"RAT-SNAP BEATS THE BEST RAT TRAP EVER MADE," MRS. EMILY SHAW SAYS.

PRINCE OF WALES ON VISIT TO AMERICA.

ST. JOHNS, N. F., August 14.—The Prince of Wales landed from the battleship Renown at Topsail, a fishing village on Conception Bay, for his first visit to Newfoundland soil Monday.

After remaining for a few hours, he returned to the warship.

The Prince and members of his suite passed much of the time ashore strolling about the country and obtaining photographs. Several hundred seamen, marines and cadets from the Renown and its escorting squadron were allowed shore leave.

Admiral Halsey and Colonel Grigg, of the Prince's staff, came to St. Johns by motor from Topsail, a distance of 12 miles, to discuss with the Governor the details of the program prepared for the reception of the royal visitor here.

The Renown, which carried the Prince of Wales and his party to Newfoundland, is one of the most famous "mystery" ships of the British Navy.

She is a battle cruiser. Her fine lines permit a speed of 33 knots, but she is considered by naval officers to be one of the steadiest and most comfortable ships in the navy.

It was intended by the Admiralty to have her participate in the Thames review during the peace celebration, but as orders had gone out for her to make the voyage overseas it was necessary to send her to a shipyard for complete refitting and refurbishing.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer, which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin," the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacturer of Monoaceticacidester of Salicylicacid. (adv-tf-f)

WEEK OF AUGUST 25-30 WILL BE EDUCATIONAL WEEK

Governor James D. Black issued a proclamation designating the week of August 25-30, "Educational Week and calls upon citizenry of the State to devote their whole time during the period to arouse a burning interest in wiping out illiteracy, increasing day school attendance and bettering teachers' salaries. The Governor recommends that all gatherings be postponed and that all who are devoted to other interests abandon them for the time that such an impetus may be given to these great educational problems as will lead to their wise and speedy solution.

"WHY I PUT UP WITH RATS FOR YEARS," WRITES N. WINDSOR, FARMER.

GOVERNMENT GETTING READY TO FIGHT HIGH PRICES

WASHINGTON, August 14.—Attorney-General A. Mitchell Palmer has received "enthusiastic" assent from virtually all State Food Administrators, whom he asked for cooperation in the Government's efforts to reduce the high cost of living.

At the same time he sent instructions to all District Attorneys to get in touch with the Food Administrators and to act at once on any evidence of law violation which might come to light in the work of the fair price committees to be reconstituted in every county.

The attention of the District Attorneys also was called to the "unlimited availability" of the Secret Service for any investigative work necessary to the punishment of hoarders and profiteers.

A development of the day was the request by Mr. Palmer of Secretary David F. Houston that inspectors and packing houses be instructed to furnish to District Attorneys upon request any information they might have. It was not indicated what was contemplated.

Living problems continued to absorb much of the attention of Congress. Federal supervision of the issuance of stocks and certificates was proposed in the Senate.

Cold storage regulation suggested by President Wilson was taken up by the House Agriculture Committee.

Europe's reports of foods from this country, particularly that purchased with the \$100,000,000 fund which President Wilson said was necessary to stop the westward spread of Bolshevism, drew the fire of Senator Henry L. Myers, who declared in a speech that people abroad were buying American products cheaper than they could be purchased at home.

President Wilson's suggestion that Congress could show what can be done to control mounting prices by remedying the extortion which it has been charged was rampant in the District of Columbia, resulted in the drafting of a bill by the District Commissioners, in conjunction with Chairman Murdock, of the Federal Trade Commission, which would put under license all dealers in food, fuel and wearing apparel, with the license revocable on proof of profiteering.

Retail food merchants are beginning to feel the effects of the distribution of surplus foodstuffs by the War Department, it was indicated Monday when the department announced officially that prices on certain foods were being adjusted "to make them accord with reductions which have taken place (since August 8) in the retail market on similar commodities of like grades."

Many Paris People In Poor Health Without Knowing the Cause

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints, and if I should need a kidney remedy again I would certainly take Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FAIR CATALOGUES READY

Catalogues for the 1919 Kentucky State Fair are off the press and being distributed throughout the Commonwealth. The announcement that premiums and awards listed by this volume total to the gigantic sum of \$110,000 will doubtless awaken keen interest among the farmers and stock breeders of the State, and it is anticipated in consequence that the seventeenth annual State Fair celebration will be the most stupendous, brilliant and important in the annals of State Fair history. Anyone desiring a copy of the 1919 catalogue may obtain same by making request of State Fair Secretary Fount T. Kremer, suite 604 Republic Building, Louisville, Ky.

—Miss Elizabeth Boston is improving.

—See the nice line of teas and coffees at Caldwell's.

—Rev. T. W. Watts and family, of Versailles, are guests of Mr. and Mrs. A. S. Best.

—Overalls and work skirts at Caldwell's—cheaper than you can buy them elsewhere.

—Mr. E. T. Sheeler fell Sunday, spraining his right knee. However, he is doing nicely at this writing.

—Don't fail to purchase shoes at Caldwell's while they can be purchased at the present price. They are soon to advance.

—Dr. and Mrs. W. E. Bruce left Tuesday for their home at Weirwood, Va., after a two-weeks' visit to his brother, Mr. S. E. Bruce and family.

—Miss Bruce will remain as the guest of her cousin some time longer.

—Mrs. A. S. Best and little daughter, Sarah Miller Best, will leave Saturday for a visit to her mother, Mrs. Nannie Hunter, and daughter, Miss Patti Hunter, at Washington, Ky.

—The following were guests of Mr. and Mrs. R. L. Wilson, Sunday: Mrs. H. W. Haughey, Waldron, Ind., Mr. and Mrs. Harry Haughey, Marion, Ind., Mr. and Mrs. E. N. Clinkensbeard, of Sherburn, Ky.

—Mr. E. H. Kerr was given a surprise birthday dinner Tuesday evening at his home on the Jackstown pike. The following were present: Mr. and Mrs. J. M. Mason, Miss Eva Mason and Mr. Charles Hutchings.

—The Progressive Carnival Co. opened a week's carnival here Monday night, on the lot of Mrs. Russell Mitchell. They are drawing large crowds daily and their exhibition seem to be giving satisfaction.

—The Sunday School picnic of the Christian church was postponed until to-day. Members of the Sunday School are expected to meet at the church, where vehicles will be provided to convey them to the woods.

—Billie Brown, the little son of Mr. and Mrs. W. M. Brown, sustained a fall Tuesday evening, which rendered his condition somewhat serious for a time, as he suffered a slight concussion of the head. However, he is doing nicely at this writing.

—The Ladies' Missionary Society of the Methodist church, held an interesting meeting Wednesday afternoon at the church. A number of short addresses were delivered along the line of missionary work, and the Centenary work. At six p. m. a delightful lunch was served, the husbands of the wives of the society being invited as guests of honor.

—Mrs. Lewis Frederick entertained Tuesday morning in honor of Mrs. Prather, who will leave in a few days for her new home in Crittenden, O. The guests brought with them scraps of silk, from which they pieced a "friendship quilt." Mrs. Frederick also entertained in the evening with a sewing party, the guests hemming napkins for the guest of honor.

—Mr. Henry Patterson, aged seventy-one, one of the prominent residents of this city, died at his home at 8:30 o'clock yesterday morning, after an illness of several weeks, due to organic heart trouble.

Mr. Patterson was born near Morehead, in Rowan county, and was one of a large family. He became engaged in farming, to which he devoted his entire attention. Early in life he moved from Morehead to Mason county, where he continued farming. For the past thirty-five years he has been a resident of the Millersburg vicinity. He was married many years ago to Miss Elizabeth Flizer, who survives him. Mr. Patterson was a life-long member of the Millersburg Methodist church, and at the time of his death was an officer in the congregation.

He is survived by his widow, one son, Mr. Roy Patterson, of Paris; five daughters, Mrs. James Pullman, of Stone, Pike county, Mrs. Harlan Paris, of Lexington, Mrs. James Hill, and Miss Christine Patterson, of Millersburg, and Mrs. A. G. Cox, of Tilton; and two brothers, Mr. I. B. Patterson, of Colville, and Mr. Robert Patterson, of Kansas City, Mo.

The funeral will be held at the Methodist church in this city Sunday afternoon at two o'clock, with services conducted by his pastor, Rev. J. W. Gardner, assisted by Dr. C. C. Fisher, of the Millersburg College. The interment will take place on the family lot in the Millersburg Cemetery.

—Mr. A. H. Smedley, aged 65, suicided Tuesday at 11:00 a. m. by shooting himself in the heart in the bath room of Dr. C. B. Smith, with whom he was residing. For some time Mr. Smedley had been in failing health, and had brooded much over his condition, but not being of a dispondent nature, neither the family or his friends were prepared for the shock of Tuesday morning.

He arose Tuesday morning about his usual time, and was in good spirits. After breakfast he mingled with friends for a time on the streets, remarking that he had slept well the night before, and was not nervous. About 9:30 he returned to the home of Dr. Smith, and was whistling as he entered the house. For a time he sat on the veranda and read a paper. About 10:30 a. m. he went to the bath room, where the fatal shot was fired. The shot was not heard by any member of the family, as they were out of the house at the time.

A few minutes later his niece, Mrs. H. C. Current, entered the home and went upstairs. On approaching the second floor she detected the odor of gunpowder and immediately returned to the first floor, where she communicated the news to her mother, who did not think seriously of it. On going to the second floor again, she found that she could not enter the bath room. The alarm was given and an entrance soon effected, when the lifeless body of Mr. Smedley was found. Coroner Rudolph Davis was immediately summoned, and was soon on the scene. A verdict was rendered according to the above facts.

Mr. Smedley was one of the best-known men in Central Kentucky, having been a prominent figure both in business and social circles. When quite a young man he held the position of salesman for his brother, Mr. J. G. Smedley, dealer in dry goods in Millersburg. Later he conducted a gent's furnishing establishment in the property now occupied by Jones Brothers as a grocery. After this he went to St. Louis, Mo., where he conducted a shoe establishment for a number of years. On returning to Kentucky, he and his brother, Brodis Smedley, purchased a farm near Hutchison, which they operated until the death of his brother. Brodis Smedley, about five years ago. He then came to Millersburg to reside with his brother, Mr. J. G. Smedley, and since the death of his brother, which occurred in 1917, he has resided in the same home with his nephew, Dr. and Mrs. C. B. Smith.

He was a bachelor and one of a large family of children, all of whom have preceded him to the grave, except one sister, Mrs. Kate Forrester, of Chicago, Ill. For many years he has been a member of the Baptist church, holding his membership at Paris. He was a brilliant man, well informed on all subjects, a reader and thinker, gentle in disposition, not easily to disturb, and devoted to his nieces and nephews. His elder brother, Mr. William Smedley, died a few months ago. This seemed to affect his life. At times he suffered severe nervous attacks, but was bright and cheerful when they passed away.

The funeral was held Thursday at 2:30 p. m. from the residence of Dr. C. B. Smith, services conducted by his pastor, Rev. R. G. Goldsmith, of the Paris Baptist church. Interment on the family lot by the side of his parents and other members of the family in the Carlisle Cemetery. The floral tributes were numerous and beautiful.

The pall-bearers were C. W. Corrington, William Meeter, W. D. Wadell, T. H. Smith, B. M. Johnson and Bruce Miller.

DEATHS.

SMEDLEY.

—Our Millersburg correspondence tells of the death by his own hand in that place Tuesday morning of Mr. Aaron Smedley, a well-known former merchant of that city. The Coroner's jury was composed of Dr. C. C. Fisher, foreman, D. E. Clarke, Dr. F. A. Herbert, J. T. Stewart, I. C. Bascom, Jr., and David Cassidy. They returned the following verdict: "We, the jury, find the body before us to be that of Aaron H. Smedley, and that he came to his death from a pistol shot wound through the heart; and from the evidence before us, find that the shot was fired by his own hand."

WHITLEY.

—Death came suddenly Wednesday night at the home of his son, Mr. Wade H. Whitley, on Vine street, in this city, to Maj. John Whitley, aged seventy-eight. Mr. Whitley had been in his usual good health Wednesday, and beyond a slight indisposition that occasioned no serious alarm to the members of the household, gave no indications of the near approach of the grim reaper. Late in the afternoon he complained of feeling badly and went to his room. Physicians were summoned, who administered to him, affording temporary relief. About ten o'clock Wednesday night he suffered a lesion of the heart, which resulted fatally.

Mr. Whitley was a native of Pantego, North Carolina, where he was born and raised, and where he had been successfully engaged in business for many years. He had been spending a part of the summer of each year in this city with his son, and was just making preparations to return to his Southern home after an especially happy visit of several weeks this summer.

Mr. Whitley is survived by five children, three sons, John P. Whitley and Thos. K. Whitley, both of Pantego, and Wade H. Whitley, of this city, and two daughters, Mrs. J. A. Dunbar, of Newport News, Va., and Mrs. W. H. Mizelle, of Robertsonville, North Carolina.

The body was taken to Winchester yesterday afternoon, from where the funeral party took the C. & O. train for the South, accompanying the remains to the deceased's old home, Pantego, for burial. The interment will take place at Pantego, Saturday afternoon.

The sympathy of the community goes out to Mr. Whitley and the members of the family in their sad bereavement.

MATRIMONIAL.

—A marriage license was issued Wednesday from the office of the County Clerk, at Covington, to Robt. Cates, 22, of Paris, and Anna Haeger, 21, of Cincinnati.

—Paris and Bourbon county friends and relatives have received the following announcement:

"Mrs. Elizabeth Massett has the honor to announce the marriage of her daughter, Madeline, to Mr. John K. Leach, of Paris, Ky., West Hoboken, New York, July 5, 1919."

LYDICK-STEWART.

—The marriage of Miss Mary Frances Lydick, daughter of Mr. and Mrs. W. A. Lydick, and Mr. William E. Stewart, both of Cynthiana, took place Tuesday morning at the home of the bride's father, in that city, Rev. Joseph D. Armistead, of the Cynthiana Christian church, performing the ceremony. Immediately after the ceremony Mr. and Mrs. Stewart left for a short visit to relatives in Cleveland, Ohio. On their return they will be with the groom's family for the present.

The bride is one of Cynthiana's most charming young women, and is a cousin of Mrs. J. O. Marshall, of this city. The groom is a son of Mr. and Mrs. L. D. Stewart, of near Cynthiana, and is a popular and energetic young farmer.

STOCK, CROP, ETC.

—The firm of Ellis Bros., one of whom, Rev. W. E. Ellis, is pastor of the Paris Christian church, sold thirty-two Duroc sows at auction on their farm in Shelby county a few days ago at an average of \$332, the highest price being \$750.

—Shipments of cattle from Bourbon county are going forward rapidly and are held in check only by a car shortage. Eighteen cars went out in one shipment Tuesday night. The price for cattle manifests an upward

tendency, the net advance in the past three weeks having been from three to four cents per pound.

—Plummer & McClure sold Tuesday to Rogers & Well, fifty-seven head of cattle averaging 1,280 pounds, for 16½¢ per pound. Lou Taylor sold to Caywood & McClintock thirty-four head of cattle averaging 1,330 pounds, for 15½¢ per pound. The cattle are for immediate shipment, now that the embargo on livestock shipments has been lifted.
